 Philadelphia, Pa., [redacted]  
 [redacted] This is in the heart of an all Negro district.

Information from various sources reflects that [redacted]  
 is "cooling off" in Philadelphia and is not publicly active in  
 this city.

RAM has members or associates in Philadelphia but the  
 organization, as such, has not been active in this city. Philadelphia,  
 therefore, has no knowledge of the extent of distribution  
 of the RAM version of the "Practical Security Measures" pamphlet.

Concerning the COINTELPRO suggestion advanced by Philadelphia in this matter and the concern expressed by New York regarding the security of [redacted] it should be noted that the "Practical Security Measures" pamphlet will not be the only Minutemen publication that will be of interest to RAM and [redacted] nor, in all probability, will New York be the only point of distribution.

b6  
b7C  
b7D

It is felt that other offices will be in a position to assist in supplying sources for this material if they are advised of the fact that this is Minutemen material being used by RAM and are alerted to the connection.

Aside from COINTELPRO aspects of this matter, it is noted that the January 1967 Minutemen Bulletin recently received by Philadelphia from a confidential source contains 14 pages of instructions apparently from a police manual on the subject of "Surveillance." It describes foot and automobile surveillances and counter measures to surveillances. It states that electronic and photograph surveillances will be the subject of a future bulletin.

b6  
b7C

[redacted] is believed to be very surveillance conscious from information furnished by confidential sources, and it is felt that this latter information from the Minutemen Bulletin will appear in RAM circles both in New York and in any city where RAM exists as soon as RAM facilities permit. This will to some degree affect the security of this investigative technique if used by Bureau personnel in RAM matters. Consideration should be given to alerting offices with RAM groups both to the needs of COINTELPRO and precautions needed in Bureau investigations.

A copy of the January 1967 Bulletin is enclosed.

SUBJECT: "MINUTEMEN"  
INFORMATION CONCERNING  
INTERNAL SECURITY

DATE: 1-12-67

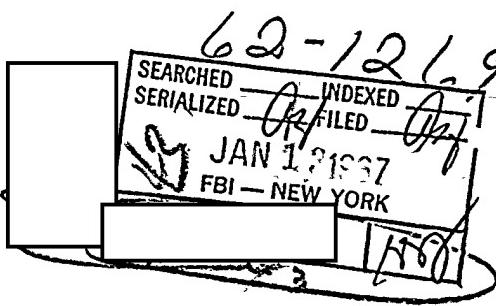

Re New York letter 1-4-67.

The list of firearms originally submitted with New York airtel 11-6-66, included as item number 75 the description "Winchester 57380."

Search of National Stolen Property File disclosed that by letter dated 1-9-55, the Latah County Sheriff's Office, Moscow, Idaho, in matter captioned [REDACTED] "Burglary" forwarded to the Bureau for latent fingerprint examination, among other items a ".30 cal. U. S. Winchester Carbine, serial #57380." Examination of the items was negative and the Carbine with other items was returned to the Sheriff's Office. The disposition of the weapon by the Sheriff's Office is unknown.

It should be noted that no determination can be made as to whether the weapon described in the current New York list is identical with that returned to the Latah County Sheriff's Office in 1955, since information regarding the type and model of the weapon involved is not complete.

February 20, 1967

Bureau 62-107261  
New York 62-12699

"Minutemen"

On January 19, 1967, Investigator [redacted] New York State Police, Liverpool, New York, advised a Special Agent of the Federal Bureau of Investigation (FBI) that on or about January 9, 1967, [redacted] Attorney for Milton A. Kellogg, filed a motion to suppress all of the evidence obtained by the New York State Police in a search of Milton A. Kellogg's home based on a search warrant issued by Judge Stewart De Vaul, Justice of the Peace, Town of Cicero, New York.

Investigator [redacted] advised that based upon the issuance of the search warrant, members of the New York State Police and New York City Police Department searched the home of Kellogg at 130 Luddington Street, Syracuse, N.Y., on October 30, 1966. They seized records of the "Minutemen" organization, firearms, ammunition, field equipment, syringes and hypodermic needles.

A characterization of the "Minutemen" appears in the Appendix attached hereto. The source mentioned in the "Minutemen" characterization has provided reliable information in the past.

The search warrant had been issued by Judge De Vaul based on information contained in an affidavit and furnished by the informant. The motion to suppress was based on the failure of the affidavit to state that

the source of information, the informant, had furnished reliable information in the past. Judge De Vaul granted the order to suppress the evidence and ordered the local authorities not to use any of the material seized as evidence. The State appealed the order of Judge De Vaul

On February 10, 1967, [redacted]

[redacted] Queens County, New York, advised a Special Agent of the FBI that there can be no further proceedings in Queens County Supreme Court until a decision is handed down in the appeal by the State from Milton A. Kellogg's motion to suppress the evidence. He stated if the decision is upheld suppressing the evidence in the Kellogg case, it can be suppressed in all the other cases as there is no difference between Kellogg's case and the other "Minutemen" cases pending before the Queens County Supreme Court.

[redacted] stated that three or four other defendants have also made motions to suppress the evidence, however, there have been no hearings on these motions pending final decision on the Kellogg appeal.

The hearing scheduled for February 6, 1967, was worked off the court calendar which amounted to an adjournment for an indefinite period of time pending adjudication of the appeal.

Due to the Kellogg decision and the State's appeal therefrom, [redacted] estimated it would be six months before there are further proceedings on the "Minutemen" case in Queens County.

At 9:00 P. M., February 26, 1967, [redacted]  
[redacted] Colorado Minutemen, telephonically contacted  
Special Agent [redacted] and advised he wanted to  
furnish information to the Federal Bureau of Investigation  
regarding the American Nazi Party infiltration of Colorado  
Minutemen. [redacted] said he would not come to the Federal  
Bureau of Investigation Office the following day, but would  
agree to an interview at a restaurant in Northglenn, Colorado,  
during late hours, February 27, 1967.

At 8:00 P. M., February 27, 1967, DN T-1, a member of  
Colorado Minutemen, who has furnished reliable information in  
the past, advised that [redacted] stated he was going to  
furnish information to the Federal Bureau of Investigation about  
[redacted] as he felt that [redacted] was a member of the  
American Nazi Party and was trying to infiltrate Colorado  
Minutemen.

During the late hours of February 27, 1967, [redacted]  
[redacted] in the company of Colorado Minutemen member [redacted]  
[redacted] furnished the following information to Special

that she was very familiar with the Nelson Rockefeller estate in New York and she could draw a map of this estate and she knew the guards on the estate and the exact time the guards changed shifts. She stated she wanted [redacted] to furnish eight members of the Colorado Minutemen to work with eight members of the American Nazi Party, which she claimed to represent, to kill Nelson Rockefeller and Winthrop and Laurance Rockefeller. [redacted] stated that no definite commitment was made by him and Lininger told [redacted] he would be contacted later in furtherance of this scheme. [redacted] stated that when the meeting broke up he had Lininger surveilled to [redacted] which is a [redacted] of [redacted]

It is to be noted that on August 3, 1966, DN T-1, who has provided reliable information in the past, advised that [redacted] stated [redacted] had a party who offered him a large donation which was enough to buy two small tanks and a lot of equipment and they needed action now. DN T-1 stated [redacted] did not say what kind of action was needed.

On August 8, 1966, DN T-1 advised that [redacted] was questioned by a member of the Colorado Minutemen concerning the large contribution by some unknown individual and what kind of "action" this individual wanted, and [redacted] stated that it was the kind of action that they "would not be able to go back home after."

[redacted] stated that on November 12, 1966, a man who identified himself as [redacted] met with [redacted] of the Colorado Minutemen, whom he declined to identify, and further discussed the plan to kill the members of the Rockefeller family. He stated at this meeting [redacted] was driving a 1954 red Ford automobile and [redacted] traced this license to a [redacted] of Canon City, Colorado.

On February 1, 1967, [redacted] stated that this [redacted] whom he now knows to be [redacted] of Canon City, walked in his house unannounced and further discussed the Rockefeller family for a period of about three hours. At this time [redacted] wanted only one man from the Colorado Minutemen "that he could depend on to do a job." [redacted] stated he learned at this time [redacted] claimed to have been a former [redacted] at the [redacted] which is run by [redacted] claimed

[redacted] claimed to have lived and worked in Kansas City, Missouri, St. Louis, Missouri and Camden, Arkansas. [redacted] stated [redacted] is "very hot" on Nelson Rockefeller, Governor of New York and also appears to have a hatred for Lawrence Rockefeller, who has interests at Jackson Hole, Wyoming, as well as Winthrop Rockefeller, Governor of Arkansas.

[redacted] states that [redacted] suggested that [redacted] go to California where he would meet some people and then they would have a training period at Grand Junction, Colorado and Jessup, (Phonetic) Florida, for the operation they had been discussing.

[redacted] stated the only reason he is talking to the Federal Bureau of Investigation is that he wants to clear the Colorado Minutemen from any action against the Rockefeller family and they did not intend to take any part whatsoever, in any plan to harm the Rockefeller family.

[redacted] was asked why he did not furnish the above information to the Federal Bureau of Investigation or to some local police authorities sooner, and he said he did not trust the Federal Bureau of Investigation and had recently changed his mind about one of the interviewing agents. (Special Agent [redacted]) as he thought Special Agent [redacted] was connected with Central Intelligence Agency.

[redacted] was asked when he first knew of this information and he said that he had learned of the information in the past couple days from [redacted]. However, it appeared that [redacted] had no prior knowledge of this information. [redacted] was asked to identify any individual who heard [redacted] make such statements and he said he would prefer not to make the identity of the individuals known to the Federal Bureau of Investigation.

[redacted] stated he thought he could find the license number of the car driven by [redacted] on the night of November 12, 1966, and he would telephone this information the morning of February 28, 1967. As of February 28, 1967, [redacted] has not furnished such information regarding the license number nor the identity of the individuals who heard [redacted] make the statements about the Rockefeller family.

DN T-1 mentioned above and DN T-2, who has furnished reliable information in the past, have reported in the past that [redacted] has made exaggerated statements which in some cases could not be verified and in other cases have proved to be false.

On November 15, 1966, DN T-1 reported that several days prior to November 12, 1966, [redacted] stated that he was holding a meeting at [redacted] to meet an important individual.

DN T-1 reported that a meeting was held at the residence of [redacted]. At this meeting [redacted] introduced a man as [redacted] however, [redacted] stated this was not his real name. [redacted] stated he had a [redacted]

APPENDIX

1

AMERICAN NAZI PARTY  
OF THE WORLD UNION OF  
FREE ENTERPRISE NATIONAL  
SOCIALISTS, ALSO KNOWN AS THE  
GEORGE LINCOLN ROCKWELL PARTY

In his book "This Time the World," copyrighted in 1961, George Lincoln Rockwell identified himself as Commander, American Nazi Party of the World Union of Free Enterprise National Socialists (ANP - WUFENS), Arlington, Virginia.

The April 4, 1963, issue of "The Richmond News Leader," a Richmond, Virginia, daily newspaper, reported that George Lincoln Rockwell had, on the previous day, again applied for the American Nazi Party to be chartered in the State of Virginia, but this request was turned down by the Virginia State Corporation Commission. This action was taken pursuant to an act of the 1962 Virginia Assembly which prohibits use of "Nazi" or "National Socialism" in a Virginia charter. This article further pointed out that Rockwell's party is presently chartered in the State of Virginia as the George Lincoln Rockwell Party.

On August 14, 1964, a source advised that the ANP - WUFENS was organized by George Lincoln Rockwell at his residence in Arlington, Virginia, on February 26, 1959, as an international "National Socialist" movement based on the German Nazi Party headed by Adolf Hitler. He added that Rockwell is the dominant force and personality in this party; that he is espousing a "line" of hatred against the Jews and Negroes; and that he is seeking, through speeches, distribution of literature and picketing, to establish a cohesive and dominant political party in the United States and in foreign countries.

According to the "Stormtrooper's Manual," an official publication of the ANP, the phases of ANP struggle for power are four-fold, namely, first "to make ourselves known to the masses;" second "the dissemination of our program and the truth about the Party;" third "organizing the people who have been converted to our propaganda;" and fourth "the attainment of power through the votes of the newly-won masses."

SOCIALISTS, ALSO KNOWN AS THE  
GEORGE LINCOLN ROCKWELL PARTY

On February 17, 1964, Karl Rogers Allen, Jr., former Deputy National Commander of the ANP, advised that George Lincoln Rockwell believes that he has completed the first two phases in his struggle for power and is now well into the third phase. Allen said, however, in his opinion, Rockwell has only completed phase one.

Minutemen  
H.Q. - not certain

Feb. 3, 1966

A letter was received from ROBERT B. DE PUGH, National Coordinator of the Minutemen. In the letter he sayd that as of Jan. 21, 1967, he is resigning his position as National Coordinator because the organization no longer needs a known address and a known leader.

He said his beliefs are the same as always.

It is not clear if DE PUGH will be connected with the Minutemen any longer. He probably will.

(OO: KANSAS CITY)

On 1/26-27/67, [redacted] made available to SAS [redacted] and JOHN C. SULLIVAN information contained in the "Minutemen" correspondence file maintained by MILTON A. KELLOGG. The file was seized on 10/30/66 by officers of the New York State Police (NYSP), and NYCPD, on the basis of a search warrant issued by STEWART DE VAUL, Justice of the Peace, Town of Cicero, New York, for the premises of MILTON A. KELLOGG, 130 Luddington Street, Syracuse, New York.

The correspondence file was arranged in a numerical sequence by the national "Minutemen" identification number and consisted of manila folders which contained correspondence to or from the member. In many instances, manila folders were in the file which contained no correspondence.

Index cards containing the information which appeared on the exterior of the folders were made out. In each case where a file was empty, this was noted on the index card. The entire contents of the file was photographed. The photographic copy of the index card has been attached to the photographic copies of the correspondence contained in the file with the exception of the folders which were empty. If the folder was empty, the copy of the index card has been attached to a sheet of white bond paper. The "L" or "B" which appear at the lower left hand corner of the index card indicate the information was obtained either from KELLOGG's Luddington Street address or his property at Brewerton, NY.

The correspondence was photographed in the sequence in which it appeared in the folder. In most instances, there was no orderly sequence to the manner in which the correspondence was filed.

Title: "MINUTE MEN"

**INFORMATION CONCERNING (INTERNAL SECURITY)**

**Synopsis:** National headquarters of the "MINUTEMEN" ("MM") maintained in Norborne, Mo., at the Biolab Corporation and at a house located 408 South Pine Street. Literature distributed by the organization states its purpose to be the resistance to and exposure of Communist influence within the United States and for the formation of an underground organization to combat any foreign power that might eventually occupy the United States. ROBERT B. DePUGH has, since its inception, been the national coordinator of the organization; however, on 1/21/67, DePUGH issued a letter stating he was resigning as national coordinator in favor of the "MM" being directed by an executive council. Informants in contact with DePUGH do not believe DePUGH is relinquishing control and doubt the actual existence of an executive council. Literature to members during February 1967, states "MM" being reorganized into "resistance networks" and individual members will be placed in these networks and will be contacted only by their "network director" and are not to contact "MM" headquarters. "Network directors" will be contacted by "couriers," who in turn will receive their directions from the executive council. DePUGH, [redacted] who is

Information regarding formation of Patriotic Party and miscellaneous "MM" activity set forth.

DETAILS:

The "Minutemen" ("MM") was organized in June, 1960. Its present headquarters are Norborne, Missouri; and ROBERT B. DePUGH, Norborne, Missouri, was publicly identified as national coordinator of the organization until January 21, 1967. Statements by DePUGH and literature distributed by the organization in the past indicated its purpose to be the resistance to, and exposure of, the spread of Communist influence within the United States; for the formation of a guerrilla or underground organization to combat the troops of any foreign powers which might eventually occupy this country; and resist passage of laws which would regulate private ownership of firearms.

The "Kansas City Star," newspaper, Kansas City, Missouri, has on numerous occasions carried various articles concerning DePUGH and the "MM", wherein it was stated members of the organization participate in maneuvers utilizing guerrilla tactics with machine guns, mortars, grenades, and other firearms.

DePUGH publicly stated on numerous occasions the "MM" as an organization did not buy or store arms or ammunition; however, the individual members of the organization maintain arms and ammunition, which is their constitutional right.

"MM" literature mailed to members in the past has furnished instructions in the use of explosives and has also given details for the making of explosive compounds from such readily accessible ingredients as a common fertilizer, ammonium nitrate.

In May 1966, Kansas City confidential informant KC T-1 advised ROBERT B. DePUGH, in a recent message to the national coordinators of "MM", announced the "MM" organization was being divided into two separate bodies. One group to be composed directly of members who have been able to maintain complete secrecy of their identity, from both the public and from government investigative agencies. The second group to be made up of all members who have been publicly identified.

KC 62-7797

or who there is reason to believe have been identified as "MM" members by an agency of the Federal Government.

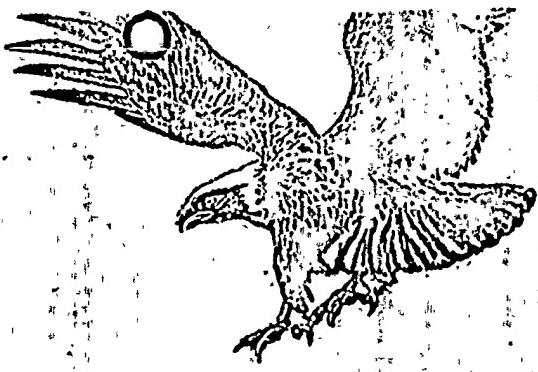

In announcing the reorganization, DePUGH stated a complete resistance movement involving total resistance, must involve not only guerrilla warfare and not only resistance warfare, but also it must involve psychological and political warfare as well.

DePUGH stated what he was proposing and trying to effect was to build a political party that, as such, would have legal immunity, which would serve as a communications network for patriots that have other interests, and among whose members these other patriots can maintain their secrecy of identity. All future correspondence and communications on the national level will be done in the name of the Patriotic Party. DePUGH also advised if ever called to court, as he expected to be in the future, he was going to state as far as the national organization is concerned, the "MM" had ceased to exist.

DePUGH, in the announcement, continued to the effect there is no reason why at some future date, when the environment is more conducive to military action, that the "MM" cannot be used once again to pull together various local organizations into one national organization. By acting both as a front and as a means of coordination, the Patriotic Party can be invaluable in the building of a future resistance movement.

On February 15, 1967, KC T-2 furnished the following letter on stationery of the Patriotic Party addressed to state chairman and secretaries of the Patriotic Party, dated September 27, 1966, and signed by BOB DePUGH, National Chairman of the Patriotic Party. This letter from DePUGH, according to the informant, tends to show the continued inter-relationship between the "MM" and the Patriotic Party.

## SPECIAL BULLETIN

To: State Chairmen and Secretaries

Please keep the content of this bulletin confidential as it deals in a frank manner with subjects that could result in adverse publicity if they became generally known.

We must keep in mind that the Patriotic Party is being formed as a political branch of a complete Resistance Movement.

The Patriotic Party was founded on the assumption that the enemies of freedom have gained such control over our government; both political parties and the general news media that political activity of traditional form can no longer be effective. Thus, the future activities of the Patriotic Party must continue to be directed by persons who fully appreciate the broad concept of resistance warfare. This means that in actual effect the National Council of the Minutemen organization will continue to direct the activities of the Patriotic Party for some time to come.

Most members of the Minutemen National Council have sacrificed greatly for the principles we believe in. These men want to see the Patriotic Party succeed and will let absolutely nothing detract from our chances of success. Our security section will make certain that the Patriotic Party is not detoured either locally or nationally from its stated objectives.

During the past few weeks those of us working at National Headquarters have been so busy with other problems that we have not been able to provide the guidelines for party operations which we feel are necessary. This bulletin will be the first of several which will set forth organizational policy in definite form to be followed by all state and county organizations.

We are all aware that other efforts to form new political parties during the past twenty-five years have been far from successful. Several would-be third parties have got off to a fairly good start but have been bogged down in confusion.

The principal reason for their failure has been a lack of uniform operation between all the different state organizations.

If we are to succeed in building a third major party the most important requirement is uniformity. The policy set down by the National Headquarters must be carried out to the letter by all state and county officers.

This is not to say that we want to be dictatorial in setting all policy. If some one state comes up with a system that is better than that being used elsewhere it can be incorporated into our national plans and be made a part of national policy. Such changes, however, must not be made until they are fully considered, tested and approved by National Headquarters.

At the present time the Patriotic Party has a National Committee of eight other people besides myself. Several of these positions are being held temporarily by members of the Minutemen organization. As we are able to amalgamate the Patriotic Party with other "third party" efforts the leaders of these other parties will be given positions on our National Committee so as to strengthen the alliance.

It must be kept in mind that we are not actually building a political party right now. What we are doing is to build an organizational structure which will be capable of forming such a party at some future time when all the legal requirements can be met. In doing this it is essential that the National Headquarters have a record of each and every dues paying member so that newsletters and other directives may be forwarded to the individual members as quickly as possible.

To assure the success of these plans the following directives must be followed:

1. All membership applications received by county or state headquarters must be forwarded promptly to the National Headquarters.
2. All membership cards will be signed by the National Secretary and mailed directly to the new member on receipt of their application at National Headquarters.
3. No further membership cards are to be issued by any State or County officer.
4. Where such temporary cards have been issued a complete list of all members holding them must be forwarded at once to the National Headquarters so that their present cards can be replaced by cards properly issued by the National Secretary.
5. Of each \$5.00 membership dues collected by any state or county organization, \$2.00 must be promptly forwarded to National Headquarters, \$2.00 will be kept by the state organization and \$1.00 will be kept by the county organization.

Sincerely yours,

*Bob DePugh*  
Bob DePugh,  
National Chairman

"MINUTEMEN" NATIONAL HEADQUARTERS

National headquarters of the "MM" are in Norborne, Missouri. In Norborne ROBERT B. DePUGH, who until recently was publicly identified as the national coordinator of the "MM", owns and operates the Biolab Corporation, a veterinary - pharmaceutical firm. Self-addressed, postage prepaid business reply envelopes enclosed with almost all "MM" correspondence bear the address of the Biolab Corporation, Norborne, Missouri. In addition, DePUGH owns a house at 408 South Pine Street, Norborne, in which various individuals have conducted "MM" business and have prepared literature for mailing.

Also at 613 East Alton Street, Independence, Missouri, DePUGH owns an old dilapidated store building in which he maintains a printing press where the bulk of "MM" and Patriotic Party literature is prepared. The Patriotic Party literature lists this address as its headquarters; however, both "MM" and Patriotic Party material is printed at this location.

NATIONAL OFFICERS

The "Kansas City Times," a morning newspaper in Kansas City, Missouri, in the edition of January 23, 1967, contained an article captioned "DePUGH Out As Chief." In the article DePUGH is quoted as stating he is resigning as the national coordinator of the "MM" and turning the organization over to a secret leadership. He said his resignation meant he would avoid contact with the future unidentified leader of the organization. The new leadership will come from what DePUGH called the "MM's" "executive council," a group of seven men to whom he has said he has been answerable since the founding of the organization in 1960. The future directors will be issued in the name of the executive council and it is doubtful if any one leader will be identified as such.

The "MM" organization must operate entirely in a clandestine manner from now on he told the members because of the determined effort of the "communist--socialist conspiracy" to destroy the "MM".

KC 62-7797

On February 6, 1967, KC T-3 furnished the following letter dated January 21, 1967, signed by BOB DePUGH, addressed to "Dear Fellow Patriots", advising them of his resignation:

## "MINUTEMEN"

P.O. BOX 68  
NORBORNE, MISSOURI

January 21, 1967

Dear Fellow Patriots:

Effective this date, I am resigning my position as National Coordinator of the Minutemen organization. I believe it is very important for all members of the organization-- and of the conservative movement in general-- to understand my reasons for this action.

My belief in the purposes and programs of the Minutemen is as strong today as it has ever been. My belief that the organization will ultimately achieve its objectives-- the defense of individual freedom and the restoration of our Constitutional Republic-- is greater now than ever before.

My confidence in the other leaders of the organization has increased steadily during the past six years and especially during the last few months. The members of the Executive Council have proven their ability to remain anonymous, which is the first essential for men in their position. Most state and area coordinators have worked long and hard in quiet obscurity.

Those members who have become publicly identified have accepted financial ruin and personal harassment without complaint. Many have proven themselves willing to go to prison rather than disclose confidential information about the organization.

The decision to submit this resignation is not a sudden one. In fact, I was scheduled to resign several months ago and would have done so except for my recent arrests.. I have delayed this resignation until after the major case against me because I did not want anyone-- either friend or foe-- to think that this resignation might be motivated by any hope of obtaining a more lenient sentence.

The reasons for this resignation are entirely practical ones and for the benefit of the organization. To achieve rapid growth during its initial stages, the organization needed both a known address and a known leader but these are no longer required. Government interference with the mail is now so widespread that any new organizational address would become known in a matter of days and would simply cause the identity of additional patriots to be compromised.

For an organization to have a "known" leader has some morale value to its members but it is also a considerable handicap to underground operations. When the habits and beliefs of the identified leader become too well known it is then possible for the enemies of that organization to predict its future activities.

There is mounting evidence that the top layers of the Federal Bureaucracy are now under complete control of the communist-socialist conspiracy. They are using an unimportant war in Vietnam to distract public attention while they complete their quiet conquest here in the United States.

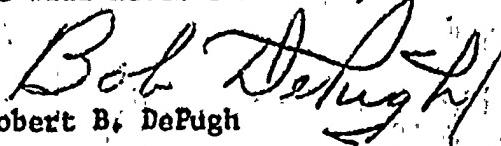

These same forces have scheduled an intense effort to destroy the Minutemen organization as quickly as they can. This situation dictates that the Minutemen must become entirely clandestine in their future operations. To achieve this goal requires not only that I resign but that I avoid any contact or communication with the future leaders of the organization.

During such time as I remain free on bond I will continue to work in behalf of the Patriotic Party which I consider an equally important part in the concept of total resistance.

Future directives will be issued in the name of the Executive Council and it is doubtful if any one leader will be identified as such. Therefore, I repeat that I have absolute confidence in both the loyalty and the ability of those who now accept the responsibilities of leadership. I ask all our members to show them the same loyalty which they have shown me and for which I have been both grateful and honored.

Certainly there have been times that I felt disappointed by those who failed to meet my expectations. Being only human, I have felt hurt at times by those who have accused me of seeking personal publicity, power or profit. Fortunately for me, these disappointments are greatly outweighed by the wonderful experience of having known so many true patriots that I sincerely admire and respect.

We will never surrender,

  
Robert B. DePugh

KC 62-7797

NATIONAL OFFICERS (continued)

On February 27, 1967, KC T-4 advised although DePUGH had publicly announced his resignation as the national coordinator of the "MM" and was turning the direction of the organization over to an "executive council," he does not believe this to be true. Informant further advised he does not believe an "executive council" actually exists or ever did exist.

KC T-5 advised on February 24, 1967, he has been closely associated with the "MM" for the past five years and he doubts the existence of an executive council. He stated if such a council did actually exist, DePUGH would have exposed the members of this council long before this due to his penchant for talking too much and because he has over the years exposed almost everything concerning the organization.

Both KC T-4 and KC T-5 have stated DePUGH only, directs the entire operation for both the "MM" and the Patriotic Party and there are actually no other national officers of the "MM" or the Patriotic Party even though literature emanating from both "MM" and Patriotic Party headquarters states otherwise.

Patriotic Party literature emanating from its headquarters at 613 East Alton, Independence, Missouri, lists ROBERT B. DePUGH as the national chairman of this organization. Patriotic Party literature mailed from this address also contains business reply envelopes bearing the address of the Biolab Corporation, Norborne, Missouri.

The February 1967 issue of "On Target," a "MM" publication, states CINDY MELVILLE had resigned her position as national secretary of the Patriotic Party and she had been replaced by TOM HART, who was formerly an East Coast organizer for the Patriotic Party.

RE-ORGANIZATION OF MINUTEMEN

On February 6, 1967, KC T-3 furnished the following special bulletin received by him from the executive council which set forth changes being made in the re-organization of the "MM".

IMPORTANT

SPECIAL BULLETIN

To:

From: The Executive Council

A complete reorganization of the Minutemen is now taking place. This action is based on three major considerations:

First, the organization is now being subjected to extreme pressure, both by known communist forces and also by various agencies of the federal government. We cannot continue to use the mail as we have done so far without risking further loss of organizational security. Known leaders of the organization face greatly increased risks of attack by both legal and illegal means.

Second, the fight against domestic communism is entering into a new phase which will require greater independence and freedom of action by local groups. Greater discipline and personal sacrifice will be required and expected of individual members. Greater security combined with greater cooperation will be necessary at the local level for mutual protection as well as suitable offensive action. Nevertheless, local activity must comply with the general programs and time-table of the national organization.

Third, during the past year there has been a widespread realization (by moderate conservatives and also by the general public) that the U. S. Government is already under communist control. The fact that our government allowed the Soviet conquest of Eastern Europe-- the fact that our government helped bring the communists to power in China-- the fact that our government knew that Castro was a communist and still helped him seize control of Cuba-- the fact that our government encourages trade with communist countries while American boys are dying in Vietnam-- those and a hundred other examples of outright treason are at last having their effect on the public mind. Our new organizational structure will take advantage of millions of loyal citizens who want to help fight communism in an indirect manner but who are reluctant to officially join any organization.

When the Minutemen were first formed we began organizing "bands" made up of members who lived as close together as possible. The objective was to let these bands assemble as quickly as possible in combat units. As we began to place greater emphasis on intelligence, surveillance and propaganda, our organizational concept gradually changed.

In 1964 we began forming "dispersed teams". These had the general structure of combat teams but were made up of members who lived over a wider geographical area. This permitted the team to obtain information over a greater area with less travel by the individual members. It also reduced the risk of security loss by having too great a concentration of activity in a limited area.

We are now beginning the next step in this process by the organization of "Resistance Networks". These networks are a natural result of our increased need for still greater dispersion and security.

Each Resistance Network will consist of a "Director" which is appointed by the Executive Council of the national organization. He will be assigned a few other members of the Minutemen to act as his assistants. In many cases the

Director may choose to communicate with these other members indirectly through "letter drops" or "cut-outs".

This group will be given the names of several sympathizers and other known conservatives that they can work with on a friendship basis. Through friends, relatives, other conservative organizations, personal and business connections, all members of the network should cultivate friendships with as many people as possible who may be a source of valuable information, skills or supplies.

In a network of this kind almost anyone can be of value. An average housewife may provide a secure hiding place-- either for people or equipment. A service station worker may pass messages on from one customer to another. An executive in the telephone company may obtain "silent" numbers for the intelligence group. A wholesaler of explosives might be hesitant to sell dynamite to a member of the Minutemen but would gladly pass a few sticks on to a fellow lodge member who ran into some rock while digging a septic tank..

By means of this bulletin you are hereby assigned to Network No. \_\_\_\_\_

Only you and the Network Director know what network you have been assigned to so this fact will let him establish contact and verify his position to you.

The Director of your network will contact you as soon as possible but do not become discouraged if this takes some time. Remember that one of the main reasons for this reorganization is to improve security and this will not be accomplished by running around in a big hurry to write, phone and visit each other.

While waiting for his contact you should be working steadily to build your own sub-network and make other preparations:

- (1) Make certain that your own weapons, ammunition, files and similar material are safely hidden.
- (2) Locate the exact position of suitable "dead drops" in your area (see Nov. 66 bulletin on communication in resistance movements).
- (3) Obtain extra sets of identification papers both in your own name and in fictitious names, or in the name of some other person.
- (4) Make new friends and renew the acquaintance of old friends. Learn what their skills and resources are. Find out who their friends are. Never pass up a chance to do someone else a favor so they will owe you one in return when you need it.
- (5) Keep your mouth closed and your ears open-- do not express your political opinions to others but learn what their feelings are by subtle questions and general conversation.
- (6) Make a continuous effort to learn the identity of communists and communist-sympathizers in your area.
- (7) Obtain and stockpile types of material needed in resistance warfare.
- (8) Read and study all the books you can find on resistance warfare. (If you order these books by mail it's best to do so in a fictitious name)

(9) Select a "specialty" in keeping with your own talents that would be of value to a resistance movement (first aid, electronics, surveillance, lock picking, interrogation, photography, explosives, gunsmithing, etc. etc.) and become as expert as possible.

(10) Improve your own personal security. Avoid further expression of your own patriotic opinions. Avoid open personal recruiting. Look for people who can be helpful to you as an individual rather than actual recruits for the organization.

(11) Prepare the nucleus of an escape and evasion team with the assistance of personal friends you can count on. Arrange alternate hideouts for yourself and your supplies. Locate people who have never been openly anti-communist that might offer their homes, cars, etc. for such use on an emergency basis.

(12) Continue working on your own as quickly and efficiently as possible. Do not think that you are forgotten just because you may not hear anything more from us for quite some time. Do not attempt to contact national headquarters unless absolutely necessary. When contacted by your Director, be prepared to give him a general report on your progress so far; including sources of information, areas of influence, what kind of supplies are available to you, your own skills, etc.

We will depend on every member to do his part in support of the organization and its objectives. Proper security is the duty of every member and the time is past when treason or disloyalty will go unpunished.

To the restoration of our Constitutional Republic, to the defense of individual freedom and to the preservation of our American heritage, we pledge our lives, our fortunes and our sacred honor.

We will never surrender,

#### MEMBERSHIP

On February 21, 1967, KC T-4, who has had considerable contact with DePUGH and has visited "MM" headquarters on numerous occasions, advised in his discussions with DePUGH even though DePUGH has made many claims of a "MM" membership of 35,000 to 40,000 members, he does not actually believe the total membership of the organization actually exceeds, at the most, 2,500 members.

On February 16, 1967, KC T-7, who also has had numerous contacts with DePUGH since January 1, 1967, advised he believes the actual membership of the organization is somewhere between 800 and 2,000 members.

KC T-8, on December 14, 1965, advised at that time he did not believe the membership of the organization exceeded 2,000 members. He stated he based this membership figure on the number of the "On Target" publication mailed from "MM" headquarters.

#### St. Louis, Missouri

KC T-9, on December 13, 1966, stated he believes the membership of the "MM" in the Greater St. Louis area to be approximately ten members.

KC 62-7797

KC T-10, on December 13 and 21, 1966, asserted he does not believe the membership of the "MM" in the Greater St. Louis area would exceed 35 members and is probably considerably less.

Waterbury and Bridgeport, Connecticut

KC T-11, on November 2, 1966, advised approximately ten individuals attended "MM" meetings held in the Waterbury and Bridgeport, Connecticut, areas during the period between November 1, 1966 and January 2, 1967.

Los Angeles, California

KC T-12, KC T-13, KC T-14 and KC T-15 during 1964 and 1965, advised the "MM" held small group or "band" meetings at irregular intervals at Los Angeles and surrounding communities. The number reported in attendance at most of these meetings was less than ten and in some instances included the wives of members.

During 1965 and 1966 approximately 60 individuals who had been reported as members or associated with the organization were interviewed in the Los Angeles area by Special Agents of the FBI. Most of those persons interviewed advised they originally became acquainted with the "MM" through radio broadcasts by one RICHARD B. COFFEN titled "Conservative Viewpoint"; contacts made at meetings of local politically oriented groups, such as the John Birch Society and local citizens' councils; editorials appearing in local newspapers; and personal contacts by persons associated with the organization. Many of those interviewed indicated they had contributed small amounts of money to the "MM" organization headquarters in Norborne and had subsequently been assigned a "MM" number; received a subscription to "On Target"; however, they had never actively participated in any meetings or activities of the organization. Some stated they were completely unaware of how their names had become known to the "MM" or why they had been recipients of publications of that organization.

New York, New York

On December 13, 1966, KC T-16 advised according to the records maintained by MILTON A. KELLOGG, described

KC 62-7797

as the eastern regional coordinator of "MM", Syracuse, New York, there were 86 active and 41 inactive members of the "MM" in the New York area.

ARREST AND CONVICTION OF "MINUTEMEN" MEMBERS

Records of U. S. District Court, Kansas City, Missouri, as of August 21, 1966, revealed ROBERT BOLIVAR DePUGH, [REDACTED] TROY HAUGHTON, [REDACTED] and JOHN E. BLUMER were indicted on August 20, 1966, charged with violation of the National Firearms Act.

On November 3, 1966, Judge ELMO B. HUNTER, U. S. District Court, Kansas City, Missouri, granted a motion for severance of defendants JOHN E. BLUMER and [REDACTED]. The following information was obtained from the "Kansas City Star" newspaper from November 8-16, 1966:

The trial of ROBERT DePUGH, WALTER PATRICK PEYSON and TROY HAUGHTON began in U. S. District Court, Kansas City, Missouri, on November 7, 1966. CALVIN K. HAMILTON, Assistant U. S. Attorney, told jurors the defendants were charged with violation of the National Firearms Act. The conspiracy involved the possession of submachine guns and other weapons for which the defendants had not purchased permits.

DePUGH and PEYSON were charged with possessing a German-made submachine gun without having paid a \$200 tax on the making or altering of the firearm. They were also charged with possession of a .45 caliber Thompson submachine gun, a German-made submachine gun, and a .45 caliber M-3 submachine gun. Of the several specific events HAMILTON outlined as to be expected in the Government's testimony was one in the fall of 1965 when DePUGH instructed PEYSON to hide a .50 caliber machine gun and other machine guns.

HAMILTON said PEYSON and two others spent a week digging a 5' x 5' x 5' hole under the floor of a closet of a house in order to bury the .50 caliber machine gun in it. HAMILTON also told the jurors of how four submachine guns

KC 62-7797

were buried in a ravine near a cemetery near Coloma, Missouri, but that one of the persons working with the "MM" - RAITHBY ROOSEVELT HUSTED, a former Marine Corps buddy of PEYSON - later became dissatisfied with the organization and on December 16, 1965, took officers to the cemetery and showed them where the weapons were buried.

In August 1965, HAMILTON continued that HAUGHTON of San Diego, California, conducted a training session just outside San Diego near the Mexican border, at which time he distributed drawings of silencers. He said HAUGHTON also demonstrated the effectiveness of a silencer and distributed a printed circular regarding the acquisition of machine guns.

On November 14, 1966, the defendants were found guilty on all charges.

On January 17, 1967, Judge ELMO B. HUNTER of the U. S. District Court, Kansas City, Missouri, sentenced DePUGH to four years in prison, followed by five years on probation [redacted]

[redacted] TROY HAUGHTON, San Diego, was sentenced to three years in prison. Judge HUNTER said in addition to the regular conditions of probation for DePUGH [redacted] they were not to become members of any group that teaches or encourages acquisition, transfer, or manufacture of firearms in violation of federal laws.

Attorneys for the above defendants have filed appeal motions before the Eighth Circuit Court of Appeals, St. Louis, Missouri.

ROBERT B. DePUGH was also indicted by a Federal Grand Jury in Kansas City, Missouri, on September 30, 1966, for violation of the National Firearms Act. The indictment charged he had transported handguns from Des Moines, Iowa, to Kansas City, Missouri, in January 1966, while under a State indictment for possession of "bombs and bombshells."

On January 31, 1967, DePUGH appeared in U. S. District Court, Joplin, Missouri, before U. S. District Judge ELMO HUNTER and entered a plea of nolle contendere

to charges of transporting a handgun from Des Moines, Iowa, to Kansas City, Missouri, sometime between July 23 and August 20, 1965, in violation of the Federal Firearms Act. At this time he received one year sentence to be served concurrently with the prior sentence of four years received on a violation of the National Firearms Act.

On February 21, 1967, attorneys for DePUGH filed a motion of appeal before Judge HUNTER based upon their contention the federal indictment was based on a faulty state indictment.

The state indictment was issued after a complaint was filed July 7, 1965, in Magistrate Court of LOUIS J. MAZUCH, charging DePUGH with the kidnapping of two young girls, 16 and 21 years of age. He surrendered to Jackson County authorities on July 9, 1965; and on August 16, 1965, a Jackson County, Missouri, Grand Jury indicted DePUGH on charges of possessing "bombs and bombshells" and contributing to the delinquency of a minor. He was freed on \$2,000 bond. The charge of contributing to the delinquency of a minor arose out of the kidnapping charges. The possession of "bombs and bombshells" indictment grew out of a raid of DePUGH's print shop, 613 East Alton Street, Independence, Missouri, by the Jackson County Prosecutor's Office and the Independence Police Department on July 9, 1965. In this raid 200 one-pound sticks of dynamite, live hand grenades and various detonating devices, including a booby trap detonators, were found. This matter is still pending.

On October 30, 1966, the New York City Police Department (NYCPD), under the direction of the District Attorney's Office, Queens County, New York, arrested 19 alleged members of the "MM".

On October 30, 1966, Chief Assistant District Attorney HOWARD F. CERNY advised the New York Office of the Federal Bureau of Investigation (FBI) the persons arrested would be charged with "Conspiracy to Commit Arson," and "Public Law 1897-Sullivan Law," Illegal Possession of Firearms.

KC 62-7797

On November 2, 1966, a representative of the NYPD advised on October 31, 1966, the 19 defendants appeared before the Honorable BERNARD DUBIN, Queens County Criminal Court, Kew Gardens, New York, for arraignment, at which time bail was set.

The "New York Times", a New York City daily newspaper, late city edition, dated November 1, 1966, contained an article on Page 1 captioned "Bail Set for 19 Here in Alleged Fire Plot by Minutemen Unit," which reflects in part as follows:

"Nineteen men were held in \$1,000 to \$7,500 bail each - a total of \$81,000 - in an alleged conspiracy by an anti-communist Minutemen group to commit arson with fire-bombs. A hearing in Queens Criminal Court was set for Nov. 22.

"District Attorney Nat H. Hentel of Queens said that three teams of Minutemen had four targets for fire-bombing last Sunday.

"He identified these as the former Camp Unity at Wingdale, New York; Camp Midvale, near the Wanaque Reservoir in New Jersey; a 'pacifist camp' at Voluntown, Conn., and the Brooklyn campaign headquarters of Herbert Aptheker, a Communist running as the Peace and Freedom candidate for Congress."

Camp Unity is also known as Camp Webatuck. A characterization of Camp Webatuck is attached in the Appendix hereto.

A characterization of Camp Midvale is contained in the characterization of the Metropolitan Recreation Association (MRA), which is attached in the Appendix hereto.

On November 7, 1966, KC T-17 advised as a result of a complete and thorough search of Camp Webatuck by the New York State Police on November 2, 1966, and after, they

KC 62-7797

had located a total of ten incendiary devices. All of these devices consisted of gallon jugs, each half filled with gasoline. As detonators, two of the jugs had home-made blasting caps attached to four flashlight batteries and a cheap pocket watch so that the movement of the hands of the watch would make contact, setting off the blasting caps. The remaining eight jugs each had a candle inserted in the neck of the jug with a nail through each candle in order to prevent the candle from falling into the jug. There was a wick or cotton streamer also extending from the candle downward into the jug and its gasoline. In addition, floating on the gasoline inside each of these eight jugs was a small piece of foam rubber containing a bullet of unknown caliber.

KC T-18 advised on November 7, 1966, all of the 19 persons arrested on October 30, 1966, are known to be members of the "MM".

On November 3, 1966, KC T-19 advised as of November 3, 1966, the inventory of firearms seized from the "MM" included 115 rifles, 26 hand guns, eight automatic weapons, three bazookas, two mortars and one anti-tank gun and an undetermined amount of ammunition.

On January 19, 1967, Investigator [redacted] New York State Police, Liverpool, New York, advised a Special Agent of the FBI on January 9, 1967, [redacted] attorney for MILTON A. KELLOGG, one of those arrested above, filed a motion to suppress all of the evidence obtained by the New York State Police in a search of KELLOGG's home, based on a search warrant issued by Judge STEWART DeVAUL, Justice of the Peace, Town of Cicero, New York. [redacted] advised that based upon the issuance of the search warrant, members of the New York State Police and New York City Police Department searched the home of KELLOGG at 130 Luddington Street on October 30, 1966. They seized records of the "MM", firearms, ammunition, field equipment, syringes and hypodermic needles. The motion to

KC 62-7797

suppress was based on the failure of the affidavit to state that the source of information, the informant, had furnished reliable information in the past. Judge DeVAUL granted the order to suppress the evidence and ordered the local authorities not to use any of the material seized as evidence. The state appealed the order of Judge DeVAUL and no decision has been reached to date.

On February 10 1967, [redacted]

[redacted] Queens County, New York, advised the case against the "MM" is awaiting adjudication of the appeal by the state from MILTON A. KELLOGG's motion to suppress evidence. Until this appeal is heard, there can be no further proceedings in the Queens County Supreme Court since there is really no difference in KELLOGG's case and the other cases in Queens. If the evidence is suppressed in one case, it can be suppressed in other cases. He estimated it would be six months before there could be any further proceedings on the "MM" case pending the state's appeal from the KELLOGG decision.

"MINUTEMEN" ACTIVITY

Atlanta, Georgia

KC T-20 on September 13, 1966, advised that on Sunday, September 11, 1966, a meeting of nine men was held at the home of [redacted] who lives near Stone Mountain, Georgia. The invitation to the meeting was extended by [redacted] and he described it as a meeting of the "hard core." [redacted] did not specify of what organization it was the "hard core"; however, KC T-20 advised those in attendance were either currently or formerly associated with the "MM" or with the Patriotic Party. At the meeting they discussed the formation of the Patriotic Party by ROBERT B. DePUGH, the national coordinator of the "MM". The members at the meeting appeared to be in opposition to the formation of a political party and [redacted] stated a political movement at this time in support of "MM" philosophy was too late and DePUGH

KC 62-7797

should be more concerned and devote his energies to the effectiveness of his original organization. Those in attendance agreed that those who believe as they do must concentrate on obtaining arms and ammunition and must be prepared to deal with an eventual attempt to overthrow the United States Government by Negroes and Communists. Those in attendance also discussed the possibility of picking out some politician with whom they disagree and who is on the very liberal side and actually tar and feather him to convince him and others that certain legislation should be appealed. They also discussed the possibility of setting up a lobby in three counties in the Atlanta metropolitan area to put pressure on legislators in any way to appeal legislation with which they disagree or to prevent passage of further liberal-type legislation. They agreed any method should be used, including violence, bribery or intrigue.

New Haven, Connecticut

On October 24, 1966, KC T-11 advised a meeting was held October 21, 1966, at Waterbury, Connecticut, by a group of individuals who identified themselves as Defense Survival Forces but which, in fact, is a group of "MM". This source advised this meeting was directed by one [redacted] [redacted] of Waterbury, Connecticut, and one [redacted] (last name unknown), both of whom according to the informant, are employed as [redacted]. The informant advised ten or so individuals were present at this meeting and they received instructions in hand-to-hand combat, karate and judo.

KC T-11 further advised during the above-described meeting [redacted] and [redacted] both made it known that Defense Survival Forces, was in fact a "MM" group but that the name Defense Survival Forces allowed the group to operate openly. This informant further advised both [redacted] and [redacted] made known the purposes of the "MM", which the source stated are as follows:

1. Sabotage
2. Espionage
3. Assassination
4. Murder
5. Kidnapping

KC 62-7797

The informant advised none of the above-mentioned purposes or aims were described any further than the mention of them as set forth above.

Miami, Florida

Confidential informant KC T-21 in December 1966, advised he has been a member of the "MM" since September 1965, in the West Palm Beach County, Florida, area and he regularly received correspondence from the organization but has never been personally contacted by any of its members. He said this lack of personal contact by "MM" leads him to believe there is no active "MM" organization in the southeast Florida area.

Phoenix, Arizona

KC T-22 in December 1966, advised that like in many parts of the country, the Arizona segments of the "MM" have lost their cohesiveness, owing to a lack of strong central leadership. At the moment these segments are disorganized. Those who originally identified themselves with the "MM" were a heterogeneous group interested for the most part in the outdoor aspects that were manifested in practicing guerrilla tactics by safaris into the dessert. A few people who were identified with the "MM" in Arizona, such as the Hikers Club in Chandler, Arizona, lost interest when DePUGH announced the "MM" were shifting anti-communist maneuvers into the political arena for the purpose of pulling together various local "patriotic" organizations into one national organization to be known as the Patriotic Party, namely a third political party. The informant advised in terms of the para-military aspect of the original "MM" organization in Arizona, he would not be surprised to learn eventually of the existence of some of the original group under different "patriotic labels."

Butte, Montana

In December 1966, KC T-23 advised the "MM" in the Billings, Montana, area have no formal organization or

KC 62-7797

regular meetings and in recent months have not been as active as they have been in the past. He stated he considers [redacted] and [redacted] as leaders of the "MM" in the Billings--Big Timber, Montana, area.

Newark, New Jersey

KC T-24 advised on March 3, 1966, that ROBERT WEIL, whose code name in the "MM" is "Hank," stated no dues were being collected, no bulletins or other literature have been put out since November 1965; and that in general, the "MM" were relatively inactive.

KC T-24 on December 8, 1966, advised there is still no activity or no meetings of the New Jersey "MM". There has never been a physical headquarters of the organization as such in New Jersey and no recent general meeting of members. Any contacts that have been made were made on an individual basis.

Orlando, Florida

On November 28, 1966, KC T-25 furnished the following list of names that he believes to be active "MM" in the Orlando, Florida, area:

Possible leader of the group  
Possible assistant

Denver, Colorado

KC T-26 on December 15, 1966, advised during the last two or three years [redacted]

[redacted] Northglenn, Colorado, has made intensive [redacted]  
[redacted] the Colorado "MM" organization. [redacted]

KC 62-7797

has been successful in recruiting several individuals into the organization. He has also built several secret hide-outs in the Rocky Mountains in Colorado which are used for storing arms, ammunition, radio equipment and other supplies useful for survival for long periods of time. [redacted]

Colorado "MM" group plans to single out, in a time of national emergency, those individuals in private and public life whom they consider to be traitors to the United States and communists, and summarily murder them. [redacted] has also attempted to develop plans whereby the main lines of the Public Service Company of Colorado will be cut so as to cripple the efforts of any communist conspiracy. In the event of an attack by some foreign communist power, or an internal communist revolution, [redacted] and his group plan to commit certain key acts of sabotage and then retreat into the mountains of Colorado and then carry on guerrilla warfare against the enemy.

[redacted] has stated on occasion he has superiors from whom he takes orders but it is believed these statements are false and [redacted] has never given any outward indication he takes orders from anyone. He makes important decisions without consulting anyone and is recognized by all of the members as the absolute leader of the organization.

Although the Colorado "MM" organization appears to be somewhat independent from the National "MM" organization, headed by ROBERT BOLIVAR DePUGH, [redacted] still maintains close liaison with DePUGH and, as late as early December 1966, DePUGH had written [redacted] and called him on the telephone. During this correspondence, DePUGH has stated a desire to have high-level conferences with [redacted]. DePUGH stated he wants to set up the National "MM" like the Colorado "MM" organization and have separate state groups headed by individual state leaders such as [redacted] and his group, on the other hand, have begun to devise plans to take over the National "MM" organization as soon as DePUGH is sent to prison following his recent conviction for conspiracy to violate the National Firearms Act on November 14, 1966.

KC 62-7797

Las Vegas, Nevada

On October 18, 1965, KC T-27 advised the Las Vegas membership of "MM" is under the control of three "band leaders" who hold the organizational rank of major. The informant said under the majors the teams are each headed by a team captain and a lieutenant.

On December 28, 1965, informant furnished the following general organizational information regarding the "MM" in southern Nevada:

There are three bands in the Las Vegas area. Each band has a leader and under each band there are teams. The number of members in each team is not restricted. The teams are small and can be either male or female. Each team is headed by a team captain. Each "MM" member in the Las Vegas area is given an Indian code name for security reasons and each is issued a serial number by "MM" headquarters.

No meetings as such are held in the Las Vegas organization for security reasons. Contact is maintained on an individual basis, such as team captain with band leader, and team captain with individual members of his team. It is not necessary for members of a team to know the identity of other team members.

For the most part written material from "MM" headquarters is received through the mail by each member; however, on occasions the band leader gives such material to the team captains for personal distribution to the team members. The informant advised he knows of no hoarding of explosives, ammunition, or automatic weapons by the "MM" organization in Las Vegas; however, he stated all of the members who are known to him are gun buffs and each owns several weapons with quite a large amount of ammunition for each.

The informant stated he has been advised sub-machine guns have been available to "MM" members for as low as \$35 each.

Informant stated there are four types of members in the Las Vegas area. They are (1) those who are publicly known, (2) those who are not definitely known but who are out-spoken conservatives, (3) those who keep their political beliefs to themselves, and (4) those who profess to be liberals in order to infiltrate liberal organizations and movements.

On July 8, 1966, KC T-28 advised there had been no contact among "MM" members in Las Vegas for more than two months and the informant stated the "MM" is inactive as an organization at the present time.

On December 19, 1966, KC T-29 advised to his knowledge there has been no "MM" activity in Las Vegas for a period of more than six months.

#### "MINUTEMEN" PUBLICATIONS

The only "MM" publications distributed on a regular basis are the "On Target", a six to ten page pamphlet which is published monthly and which is given wide-spread distribution, and the "MM" "Monthly Bulletin", which usually carries a statement it is for distribution to "MM" members only and it ordinarily consists of two to four pages. Subscription price for "On Target" is \$5 per year. There is no charge for the "Monthly Bulletin."

#### PATRIOTIC PARTY ACTIVITY

The "Kansas City Times", a morning newspaper published in Kansas City, Missouri, in its July 5, 1966, edition contained an article concerning a national organizing convention held by the Patriotic Party at Kansas City. In the article ROBERT B. DePUGH, acting as the national chairman of the Patriotic Party, announced the formation of the Patriotic Party. According to the article, approximately 400 persons attended the convention and represented 47 states. DePUGH is quoted in the article as stating the Patriotic Party's objective is to elect national representatives by 1968 and majorities by 1972. He also stated, "I think I am on rather safe ground when I say beyond 1972 the socialist apparatus that now controls our country will not permit anything more than a token resistance." At the convention

KC 62-7797

DePUGH stated he envisioned the Patriotic Party as a supplement to the "MM" who are organized and equipped to go underground and fight the communist takeover of the United States.

On September 14, 1966, KC t-9 advised an organizational meeting for the Patriotic Party was held Saturday, September 10, 1966, at the Sheraton Inn located on Highway 70, just outside St. Louis, Missouri. According to the informant, there were 21 persons present and it appeared half of those present may have been newspaper men. According to the informant, the purpose of the meeting was to establish a chapter of the Patriotic Party in the St. Louis area. Activities would be directed toward having political candidates run for various public offices in the 1968 elections. Such candidates would be conservative persons, free from the taint of communism, which allegedly exists in both the Republic and Democratic parties.

ROBERT B. DePUGH, as national chairman of the Patriotic Party, was the principal speaker at the following meetings of the Patriotic Party:

It is to be noted in Denver letterhead memo dated 3/3/67 that [redacted] was interviewed on 3/1/67 and furnished information about [redacted] including [redacted] address. It is further to be noted that [redacted] was interviewed on 3/2/67. It is apparent that [redacted] could have made this telephone call as he is the individual who knew how to contact [redacted]. It is to be noted that [redacted] was quite amused about the telephone call as he himself was the individual who furnished the information to the FBI originally.

Re Bureau airtel of 3/3/67 pointed out that the question of identity was not resolved between [redacted] and [redacted]. It is apparent that the Denver letterhead memo dated 3/3/67 had not as yet arrived at the Bureau which reflects the interview of [redacted] and [redacted] and clearly identifies [redacted] as the individual involved. It is reported in the letterhead memo dated 3/3/67 that Denver T-1 identified [redacted] as the individual who attended the Minutemen meeting on 11/12/66. The enclosed letterhead memo reports that [redacted] identified [redacted] as the individual who allegedly made the statements about the ROCKEFELLER family.

It is recommended that Denver letterhead memos dated 2/28/67, 3/3/67 and the enclosed letterhead memo be disseminated as all three memos read together clearly set forth the complaint, investigation and identity of the person who allegedly made the threat against the ROCKEFELLER family.

BERTHA BRUCE LININGER

On March 6, 1967, Dr. Bertha Bruce Lininger, who resides in a mobile home, 18 Oakwood Drive, located at 18145 Soledad Canyon Road, Saugus, advised that she was in Denver, Colorado, during the last few days of July, 1966 and early August, 1966. She advised that she was feeling very badly as a result of an aggravated nervous condition. She said she stayed at the Mayflower Hotel in Denver for about one week while receiving treatment as an out patient at the Spear's Sanitarium, Denver. She said that she traveled by taxi cab between the Mayflower Hotel and the Sanitarium. She stated she had to use a wheelchair when arriving and departing from the Sanitarium. She advised she received some assistance at the hotel but did not utilize a wheelchair.

Lininger denied ever knowing or contacting any person named [redacted]

[redacted] She denied any knowledge of or conversation with anyone named [redacted] or [redacted]

[redacted] She further stated that she does not recall the name of any individual with whom she came in contact during her brief visit in Denver in July and August, 1966, (see Minutemen appendix)

She emphatically denied making any threat concerning the assassination of any member of the Rockefeller Family. She stated that during 1963, while vacationing in the

East, her friends drove her by an estate which they pointed out to be the Rockefeller Estate. She said she did not even recall whether the estate was in New York or New Jersey.

Lininger stated she may not agree with everything the Rockefeller family stands for politically, but she does not condone the theory that anyone should be assassinated for their personal beliefs or for any other reason.

Lininger stated her conversations in Denver were limited to speaking with the taxi cab drivers she utilized and one lady guest at the hotel, who stopped in her room for a few moments. She stated she was feeling too poorly from her nervous condition to want to talk to anyone. She advised that on one occasion she made a trip to a Chiropractor's Office for treatment while in Denver but she could not recall the name of the doctor.

Lininger stated she was a long time student of the Constitution of the United States and a loyal, patriotic American. When asked if she had ever done any writing concerning the Constitution, she answered in the affirmative. She stated she wrote a book entitled "Constitution Be Damned" under the name of Dr. B. Bruce. She explained that her full name is Bertha Bruce Lininger and she chose to author the book under that name.

When asked if she had attended a convention of the Constitution Party of the United States in Indianapolis, Indiana in 1963, she stated she does not recall ever having attended any function of that party. She said she has stopped by Indianapolis in the past during her travels.

When further asked if she supported his announced program against Negroes and Jews, she stated she believed in the equal rights of everyone under "We the people" in the Constitution of the United States and that she bore no hatred for anyone.

Lininger concluded by stating she had no idea why her name had ever been associated with a threat against the Rockefeller Family as she has never been part of a conspiracy to do harm to anyone.

Through observation and interrogation, Lininger is described as follows:
